

GET STARTED WITH ONLINE BANKING

Manage your money with convenience and confidence! Follow these simple steps to set up your Wyrope online banking account for the first time.

HOW TO SET UP YOUR ACCOUNT

1. VISIT OUR WEBSITE

Go to **www.wyrope.org** using your web browser. In the **orange** login box on the homepage, enter your username.

► *Your username is your account number. If you are a joint owner, use your account number followed by a capital "J."*

2. SELECT "FORGOT PASSWORD?"

Follow the prompts and select "Continue" if asked to leave the page. Enter your account number again on the next screen and select "Submit."

3. VERIFY YOUR EMAIL

Check the email address associated with your account for a verification code. Enter the code in your browser and select "Submit." Follow the prompt to return to the sign-in page and request a second code.

4. ENTER YOUR TEMPORARY PASSWORD

Enter your account number as your username, then copy the second code from your email into the password field. Follow the prompts to continue.

5. SET UP YOUR SECURITY INFORMATION

Select a security image and create answers to two security questions. Write down your answers and keep them somewhere secure. They are case-sensitive and may be needed if you get locked out.

6. CREATE YOUR PERSONAL PASSWORD

Choose a password that meets the requirements shown on screen. Once setup is complete, you can sign in to online banking!

ALREADY ENROLLED? NEED TO CHANGE YOUR PASSWORD?

You can follow the same instructions to reset your existing online banking password. You may be asked to verify your security information, but you won't need to set up your security image and questions again.

READY.. SET.. BANK ON THE GO!

Once your online banking is set up, make banking *even more* convenient with our mobile app options.

APPLE DEVICES

- Search for **Wyrope TO GO** in the Apple App Store *OR* Scan the QR code below.
