## The More You Know!

We have seen an increase in card-skimming fraud in the local area. Make sure you know what to look for. While this graphic talks about ATM skimmers, please know that skimmers can appear on gasoline pump card scanners or any merchant point-of-sale terminals. If you see something suspicious about a device, report it. Be diligent and keep your money safe!

### HOW TO IDENTIFY AN ATM SKIMMER

Examine the card reader for signs of tampering.

Look around for a hidden camera.

Examine the key pad for larger keys or unusual thickness.

Check the top of the ATM for unusual plastic pieces.

Check to see if lines, arrows, and other graphics are covered up.

Pay attention to anything unusual on your normal ATM.
